

How to connect for the first time ?

Step1 : connect as admin (*)

Sign Agent

localhost/webproject/interface/login.php

book.dvi codecademy Color Picker Codeforces HTML5 UP! YouTube Bootstrap gmail Facebook GitHub blaz bundle

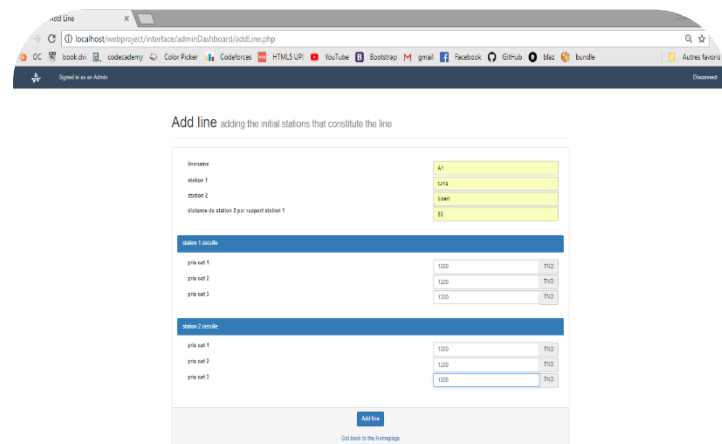

Login: root

Mot de passe: ****

Privileges: ☒ Agent ☐ Admin

Sign in

step2: add line

Add line adding the initial stations that constitute the line

Station 1: A1

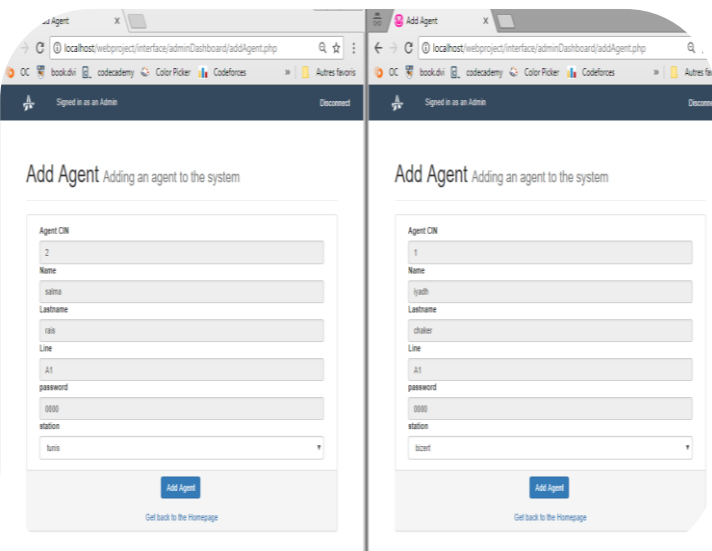

Station 2: B1

distance: 1000

Add line

Get back to the Homepage

Step 3: add two agents

Add Agent Adding an agent to the system

Agent CIN: 2

Name: salma

Lastname: chaher

Line: A1

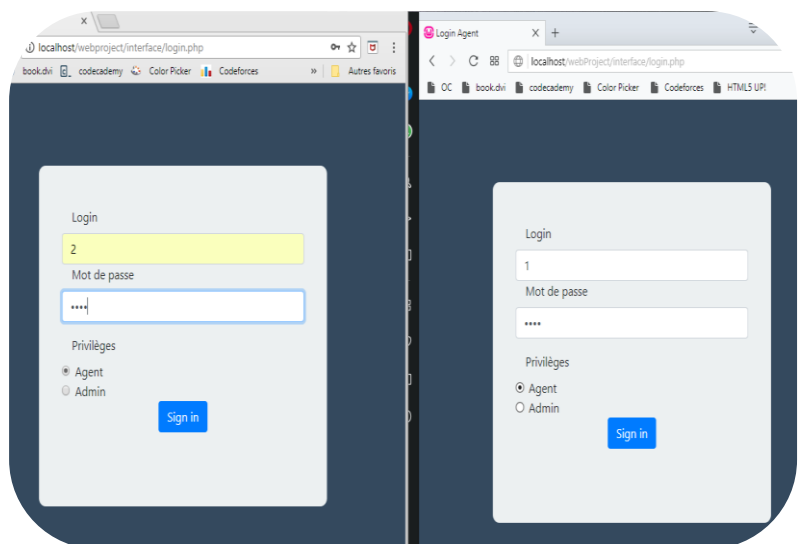

password: 0000

station: tunis

Add Agent

Get back to the Homepage

step4 : try to connect the two agents from different browsers

localhost/webproject/interface/login.php

book.dvi codecademy Color Picker Codeforces HTML5 UP! YouTube Bootstrap gmail Facebook GitHub blaz bundle

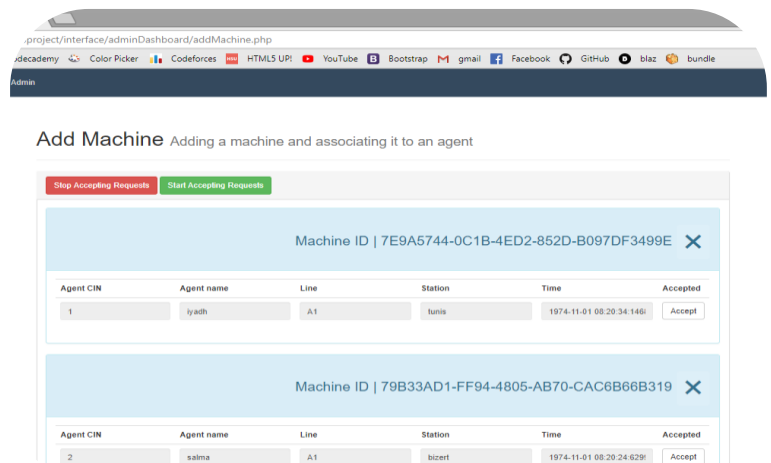

Login: 2

Mot de passe: ***

Privileges: ☒ Agent ☐ Admin

Sign in

Step 5 : go back to admin dashboard and accept the machines requests

Add Machine Adding a machine and associating it to an agent

Stop Accepting Requests Start Accepting Requests

Machine ID | 7E9A5744-0C1B-4ED2-852D-B097DF3499E

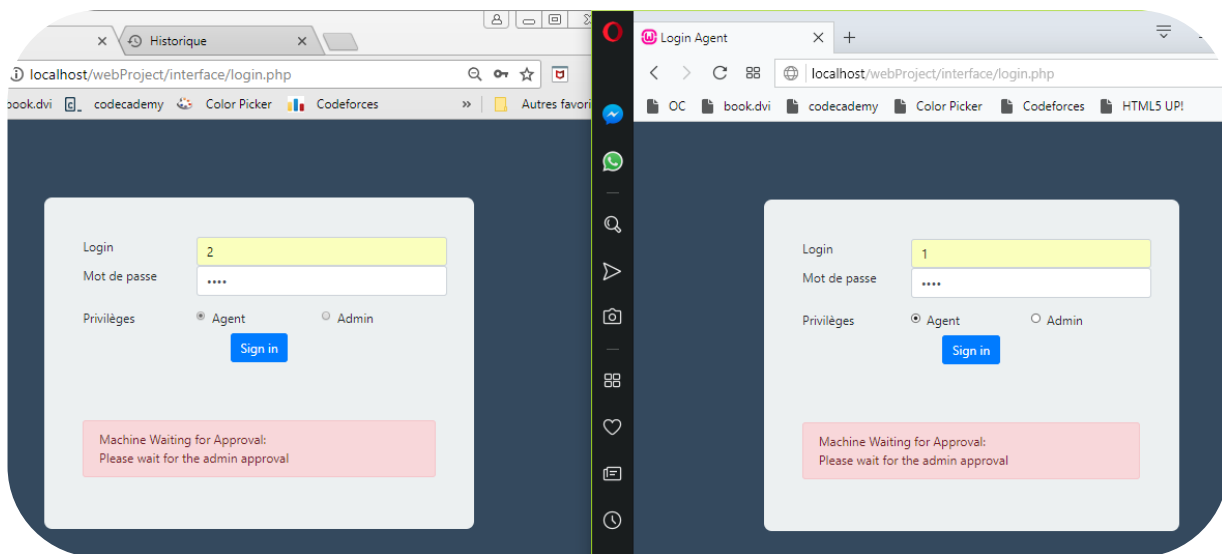

Agent CIN	Agent name	Line	Station	Time	Accepted
1	lyadh	A1	tunis	1974-11-01 08:20:34:146	Accept

Machine ID | 79B33AD1-FF94-4805-AB70-CAC6B66B319

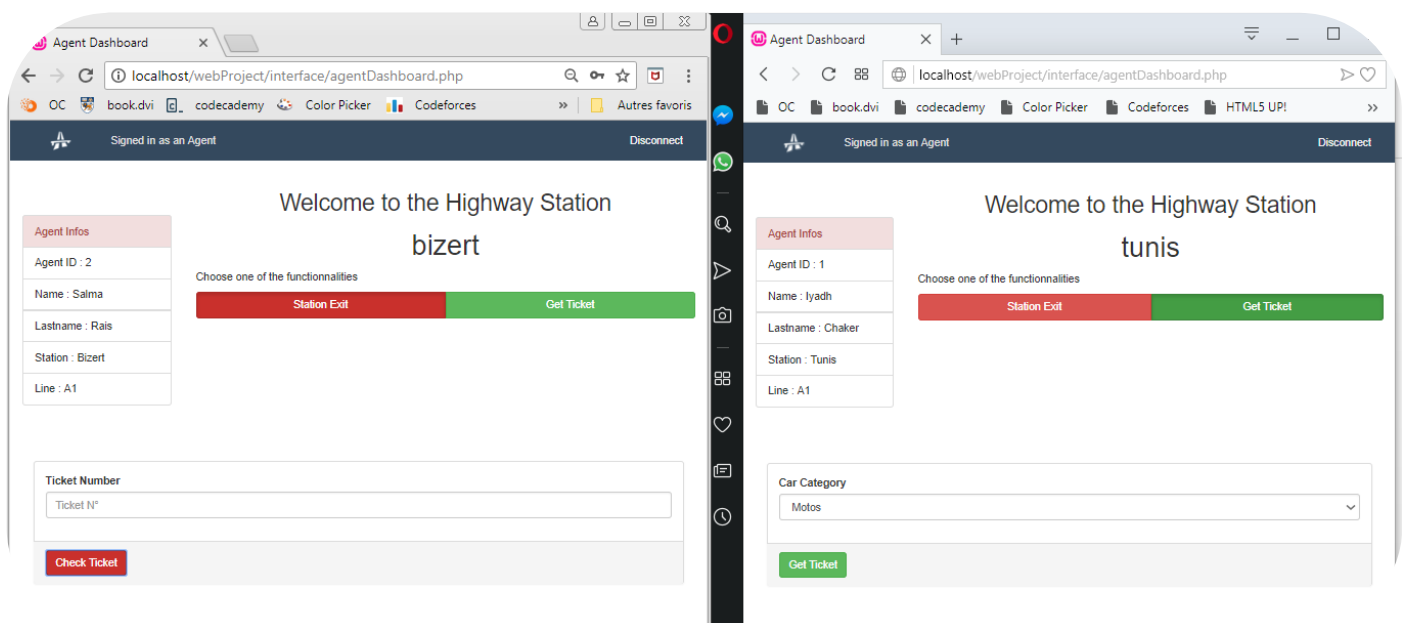

Agent CIN	Agent name	Line	Station	Time	Accepted
2	salma	A1	bizerf	1974-11-01 08:20:24:629	Accept

Step 6: connect the two agents

Now you can use the system

Note : this steps are only to connect to the system for the first time to set id machine cookies

(*) you can use private navigation to connect admin
